I swear and attest under penalty of perjury, and upon personal knowledge that the contents of this statement is true, and accurate, and that I am competent to testify.

I voted at the Hastings Township Hall, Barry County, Michigan on November 3, 2020. I voted for local, state, and national candidates. I was given a regular ball point pen to fill out my registration slip but instructed to place it in a box as I got to the driver's license (ID) table. I was handed a ballot along with a black sharpie for voting. I noticed the ink leaked through the ballot when I turned the ballot to the back page. I was instructed to place the sharpie pen in a box on the table before I ran the ballot through the counting machine.

Upon leaving the Hall, I remarked to my ^{husband} wife that this was the first time I ever used a sharpie, that it leaked through the ballot, and I had always used a regular ball point pen at ALL other elections.
